

Gender-Based Violence with Jess Fisher

“Bringing gender and sexual diversity education to teachers and administrators”

Friday October 27, 2023
North Battleford Library – Theatre Room
9am-4pm
Lunch provided

Join Jess (she/they) for a full day of learning, connecting, and expanding understandings of gender-based violence (GBV) and how it shows up and impacts 2SLGBTQ people. We will explore foundations of identity (i.e. the difference between sex, gender, gender expression, and attraction), 2SLGBTQ history in Canada, and the impacts of colonization. We will also examine the importance of accountability and how service providers can ensure they are reducing and preventing GBV from showing up in the ways they support others. This workshop is interactive and includes large and small group discussions, activities, personal reflection, and a group debrief. All participation is optional and based on attendee needs.

Registration Form

Registration Deadline: Friday October 13, 2023

Please send completed registration form to info@basac.ca or drop off in person to our office 1211 98th Street
